1 of 1 people found the following review helpful. Worth the read
By Kylie Cox
The content was helpful and the format was easy to read. The author definitely keeps the readers attention with appropriately timed humor. The book also reads very easily. I would definitely read more from this author.
3 of 3 people found the following review helpful. Don't build an app without reading this book.
By Dungeondan
I'm a newbie in app development and marketing for that matter. This book took me through the planning, designing, and marketing of an app and as the title implies showed me how not to make an app. I'm working on my first app now and this book got me moving in the right direction. Highly recommended.

By Xomby
How not to write a "How not to write an app" book. Maybe reverse psychology doesn't work on me, but I found little useful information here.

Rod Cambridge created an iPhone app called Top-Tens to see how easy it was to make some money as an app developer. In this eBook, Rod uses this experience to take the reader step by step through the things that should, and shouldn't, be done when creating an app for Apple's iPhone or its rivals including Google's Android and Microsoft's Windows Mobile devices. With this eBook, you'll learn:
* What things should you incorporate, and avoid, when designing your app's User Interface.
* The importanc ...
